

BEE GARLAND DECORATIONS

Color and cut out these pictures. Punch a hole through each picture near the edge, and string ribbon or yarn through the hole. Print out more than one page for extra pictures. Hang up your finished garland to decorate all year round.

TIP: You don't need to hang the pictures up to have fun with them! Use them as giant stickers, book cover decorations, gift tags, collages, stencils, name tags, or window hangings.
