

Kwanzaa

Kwanzaa begins December 26 and lasts until the first day of January. Kwanzaa is a time when people come together to celebrate their African heritage. During Kwanzaa families decorate their homes with many unique Kwanzaa symbols. Below is a Kinara, which is a candle holder. For each day of Kwanzaa a candle is lit to celebrate the seven Kwanzaa principles. Three candles should be colored red to represent struggles faced. Three should be colored green to represent a prosperous future. One large black candle in the center represents the richness of African skin. Color the candles and kinara below. Cut them out and glue the kinara onto construction paper. For each day during Kwanzaa glue a candle onto the construction paper as follows below.

Day 2-Color this candle red and place it in the first spot to the left to represent self-determination.

kujichagulia

Day 3-Color this candle black. Place it in the center of the kinara to represent unity.

umaja

Day 3-Color this candle green. Place it in the first place to the right to represent responsibility.

ujima

Day 4-Color this candle red. On this day a gift is given that the whole family can share. Place this candle next to the other red candles.

ujamaa

Day 5-Color this candle green. Place it next to the other green candle to represent purpose.
