

PAPER AIRPLANE

Use a piece of paper and follow these directions to make a paper airplane.

1
Fold half way
and then unfold.

2
Fold the top corners down
to meet the folded line.

3
Fold from the point to
the middle line.

4
Fold the entire plane in
half along the dotted line.

5
Fold the top
flap down.

6
Flip the plane over and
fold the top flap down.

7
Hold the plane underneath.
Tape the nose together. Color
designs for example:

These decorations will add
pizzazz! Gently toss into the
air and watch your creativity
soar!
