

Adventure Vehicle

Crayola Crew Creative Thinking Sheet

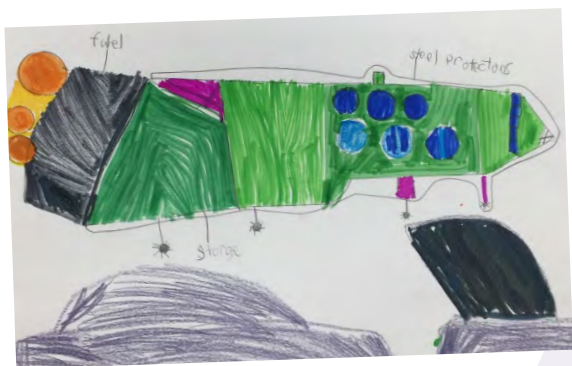

RESPOND to the video in which the Crayola Crew encounters mountains and rivers of slime, magnetic waterfalls, and frozen bodies of water.

CREATE an imaginative vehicle that could help explorers during a wild adventure. What features would enable it to dash between slime puddles and climb up waterfalls as if they were rock climbing walls?

DRAW AN IMAGINATIVE ADVENTURE VEHICLE.

PRESENT your sketch to family and friends. Discuss how vehicles have evolved and continue to be modified to meet various needs and challenging terrains.

CONNECT the ideas you represented in your sketch with the insights others shared during the discussion. How did the conversation inspire you to visualize additional innovative vehicles?
