Crayola Crew Creative Thinking Sheet

RESPOND to the video in which the Crayola Crew tries to find the best ice cream flavours. They realize that taste preferences are as individual as our personalities and appearance.

CREATE an ice cream cone that includes flavours you might not have tasted yet but think you might like or find interesting. It might be as unusual as Bettie's Drooling Yak flavour or as a fiery as Bria's Spicy Mango.

USE VISUAL CLUES TO SHOW WHAT THE FLAVOUR IS FOR EACH SCOOP. INCLUDE SOME SMALL PEICES OR CHUNKS OF INGREDIENTS WHICH MIGHT BE IN THE SCOOPS.

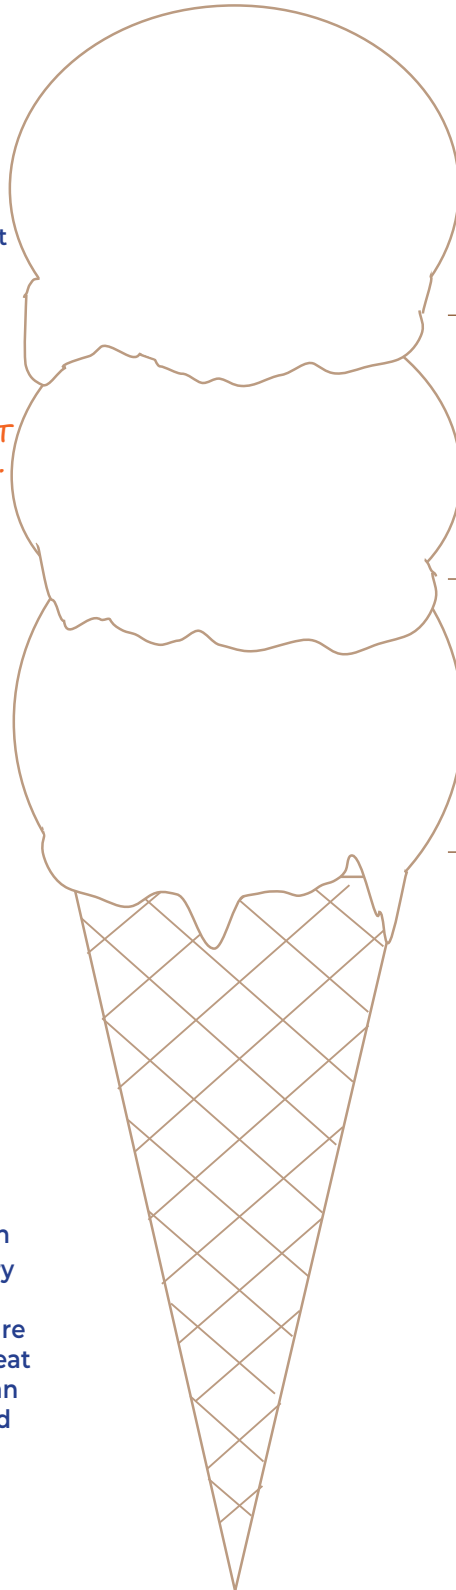

PRESENT your new ice cream flavour ideas to family and friends and ask them to come up with new flavours, too. Then ask everyone to vote for the flavour they think will:

- taste the best,
- be most popular, and
- present the most challenges to develop.

CONNECT the new ice cream flavours with foods you might find in specialty grocery stores or that are popular in other countries/cultures. For example, there are places around the world where people eat insects, yak, or alligator. Consider how an activity like this can open your mind and palate to new foods.

NAME EACH FLAVOUR
