

The Future I See

Learning About Self and Others: **MIRRORS, Windows, and Doors**

CREATE a sketch by pretending to look in a magic mirror that shows you in the future. Consider some possibilities the future may hold for you. Think about how your strengths and interests may shape your dreams and help you reach your goals.

STRENGTHS

INTERESTS

PRESENT the sketch. Describe what you see in the mirror that shows you in the future. What mindsets are needed to overcome challenges and achieve your dreams?

RESPOND to each other's sketches, the lists of strengths and interests, and the discussion of mindsets. Discuss what challenges might need to be met and ways to overcome obstacles. What does it mean to build persistence and optimistic mindsets?

CONNECT the sketches and discussion with ways that you can accomplish your goals and build the future that you envision.
